

Future of mHealth in Europe

Lessons learned from the EmERGE project

Just over two weeks to go | Register now: bit.ly/EMERGereg

2 September

Virtual stakeholders meeting

10-4:30pm CET

The EmERGE meeting takes place in just over two weeks online! Participants will discuss lessons learned and implications for scale up and transferability to other sites. It will also look at uses of this type of intervention as a care pathway in other areas. Drawing from the experience of EmERGE and a review of literature, participants will look at systems and policy issues to be addressed in the roll-out of mobile health solutions across the EU. The meeting will bring together community of People living with HIV (PLHIV), health care professionals, researchers and policymakers at national and EU levels. The meeting will explore lessons from the recent COVID 19 health crisis, the role and use of telemedicines and digital care pathways.
